In harmony with nature

BG LI-IN ELECTRICALS LTD.

ENVIRONMENTAL, OCCUPATIONAL HEALTH & SAFETY (EHS) POLICY

We are engaged in manufacturing of electrical assemblies, for automotives & general industries.

We are committed towards continual improvement of our EHS performances through resource consumption optimization by adopting practices like reduce, reuse & recycle and providing safe environment through consultation & participation with workers.

This will be achieved by implementing EHS management system Compliance Obligation in it's activities by-

- ▶ Complying with applicable EHS legal & other requirements
- ▶ Conserving natural resources, reducing waste & increasing green cover.
- ▶ Commitment to the protection of the environment and striving towards prevention of work related ill health, injury & pollution considering life cycle prospective.
- ▶ Eliminating hazards and reducing OH&S risks.
- ▶ Providing EHS awareness to our employees.

The EHS Policy shall be reviewed periodically and communicated to persons working for & on behalf of BG LI-In and also available to interested parties.

Rishi Kumar Bagla
